

## CONCRETE PIPE TESTING MACHINE (B-001/PT)

- Load Cell Capacity: 1000 kN
- Full Automatic graphic display (Computerized Display)
- Uniform Loading
- Designed for testing concrete pipes having:
  - Min. Diameter : 300 mm
  - Max. Diameter : 1600 mm
  - Max. Length : 2600 mm

### TECHNICAL SPECIFICATIONS

- Very rigid frame made of structural steel
- Crossbeam is raised and lowered by a motor operated winch
- Can test pipes having dimensions:
  - Min. Diameter : 300 mm
  - Max. Diameter : 1600 mm
  - Max. Length : 2600 mm
- Power Supply: 220 - 240 V / 50 Hz

Concrete Pipe Tester (B-001/PT)
