

■ CONSTANT HEAD PERMEABILITY SET (T-250/CH)

- Used to determine the permeability of granular-grained soils
- Consists of:
 - Permeameter stand
 - Constant-head permeability cell
 - Manometer tubes/valves
 - Constant-head tank

● TECHNICAL SPECIFICATIONS

- Permeameter Stand with 3 tubes
- Constant-head permeability cell - Ø 75 mm (1 ea)

■ FALLING HEAD PERMEABILITY SET (T-250/FH)

- Used to determine the permeability of fine-grained soils
- Consists of:
 - Permeameter stand
 - Constant-head permeability cell
 - Manometer tubes/valves
 - Constant-head tank

● TECHNICAL SPECIFICATIONS

- Permeameter Stand with 3 tubes
- Constant-head permeability cell - Ø 114 mm (1 ea)
